

BACKGROUND

The Department of Behavioral Health and Developmental Services (DBHDS) has a long history of offering supplemental funding to providers supporting individuals whose support needs fall outside of standard waiver funding and who are identified as outliers to the standard Developmental Disabilities (DD) Waiver structure. Multiple programs have previously supported this effort to include ‘bridge funding, transitional funding’ and the ‘exceptional support rate.’

Over time, DBHDS has worked with community partners to define criteria that help to identify individuals whose support needs fall outside of the services offered in standard waiver services. As a long-term solution to identify funding gaps that exist amongst this population, DBHDS, in partnership with the Department of Medical Assistance Services (DMAS), created the Customized Rate program.

Effective June 1, 2017, the Centers for Medicare and Medicaid Services (CMS) approved a waiver amendment allowing DBHDS licensed providers to apply for a Customized Rate for individuals who meet qualifying criteria. Individuals eligible for a Customized Rate must have documentation to demonstrate that the complexity of their needs fall outside what the current rate structure provides and must meet certain criteria as described herein.

Customized Rates are funded directly through the Developmental Disabilities Waivers. These allow DBHDS to approve a modified rate, which replaces the standard rate for the individual’s assigned level and tier. Upon approval, providers are required to submit a Service Authorization request for the specified service following all Service Authorization guidelines.

Forums

DBHDS will hold an annual provider forum which will be a time for providers to discuss the Customized Rate process, receive training, and provide feedback. It will also be a time for DBHDS to discuss the overarching goals of the program and any possible upcoming changes. Additional forums throughout the year will be held as necessary.

Additionally, DBHDS and DMAS will meet annually to review the program’s goals, guidelines, and business rules.

Communication regarding these forums, outcomes, or training opportunities will be disseminated through the listserv and/or the DBHDS website:

www.dbhds.virginia.gov.

Guide Purpose

The purpose of the Customized Rate Provider Guide is to provide practical and specific information to supplement the waiver regulations and policy manual. Where possible, the Guide seeks to illustrate evolving best practices when applying for a Customized Rate and to clarify program rules and stipulations. The Guide:

- ◆ Provides a direct source for all information related to Customized Rates.
- ◆ Serves as a handbook regarding how to apply for a Customized Rate and outlines the process and criteria for approval.
- ◆ Clarifies and expands on the roles, responsibilities, and expectations of providers.

Guide Preparations & Updates

The original **Guide**, published in July of 2017, was the result of cooperative efforts between DBHDS and DMAS who meet annually to discuss the program and content of the provider Guide. The Guide is created collaboratively by the Office of Waiver Network Supports of the DBHDS Division of Developmental Services and DMAS with input from a variety of sources. In 2021, DMAS began receiving recommendations and comments from community providers through the Town Hall public comment process. Hereafter, any changes to the Guide that have the potential to affect the overall program will be posted to the Town Hall for public comment. Every effort has been made to ensure content consistency in the Customized Rate Provider Guide.

Additional Resources

Providers can receive help and support with navigating the Customized Rate application in the Waiver Management System (WaMS) by locating the WaMS Customized Rates Application User Guide located in the Training Manuals, Webinars, and FAQs section of WaMS. This guide provides step-by-step instructions regarding WaMS navigation relating to application submission, uploading supplemental data, and responding to contingent approvals.

CUSTOMIZED RATE PROVIDER GUIDE

Effective 9/25/2026

PART I: DEFINITIONS

1.1-GENERAL DEFINITIONS

- a) Customized Rate (CR) - A reimbursement rate that may be available to group home residential, sponsored residential, supported living residential, group day, community coaching and in-home support service providers that exceeds the normal rate applicable to the individual receiving these specific services.
- b) Service Location-The location of the service:
 - ROS=Rest of State
 - NOVA=Northern Virginia
- c) Supports Intensity Scale® (SIS) - An assessment tool and form that is published by the American Association on Intellectual and Developmental Disabilities and administered through a thorough interview process that measures and documents an individual's practical support requirements in personal, school-related or work-related, social, behavioral, and medical areas to suggest the types and intensity levels of the supports required by that individual to live a self-directed life in the community and to inform the discussion in the person-centered planning process; This tool is used to measure the individual's support needs resulting in a support needs level and reimbursement tier as follows:
SIS-A 1st Edition
 - Level 1= Tier 1
 - Level 2= Tier 2
 - Levels 3-4= Tier 3
 - Levels 5-7= Tier 4SIS-A 2nd Edition
 - Level 1 = Tier 1
 - Level 2 = Tier 2
 - Level 3 = Tier 3
 - Level 4 = Tier 4
 - Level M = Tier 4
 - Level B = Tier 4
- d) Individual Support Plan (ISP) – A comprehensive, person-centered plan that sets out the supports and actions to be taken during the year by each provider, as detailed in each provider's plan for supports to achieve desired outcomes, and goals and dreams. The individual support plan shall be developed collaboratively by the individual, the individual's family/caregiver, as appropriate, providers, the support coordinator, and other interested parties chosen by the individual and shall contain the DMAS-approved ISP components.
- e) Waiver Management System (WaMS) - The data management system that manages the DD Waivers; houses a record of the Individual Support Plan (ISP); is the entry point to request Service Authorization for DD Waivers services; and acts as a conduit for communication between providers, Support Coordinators, and DBHDS.

1.2-ROLE DEFINITIONS

- a) Customized Rate Processor (CR Processor) - Designated Customized Rate staff that are primarily responsible for processing incoming Customized Rate applications to ensure proper documentation is available for CRTC review and for corresponding with providers.
- b) Customized Rate Technical Consultant (CRTC) - Designated Customized Rate staff that provides training or direct on-site support to providers and conducts pre-review assessments to confirm that providers have sufficient evidence to justify a Customized Rate prior to committee review. The CRTC acts as a liaison between the provider and the CRRC and therefore seeks to gather information that will assist the CRRC with understanding the content of each application.
- c) Customized Rate Administrator (CR Administrator) - Designated Customized Rate staff that are primarily responsible for overseeing the Customized Rate process.
- d) Customized Rate Review Committee (CRRC) - A committee of experts who make determinations on applications submitted for a Customized Rate.

- e) Customized Rate Auditor – Designated Customized Rate staff responsible for reviewing all internal components of the application process, to include ensuring that the appropriate values were used within the rate model (level, size of the home), and to ensure that there are no grammatical errors within.

1.3-FORM DEFINITIONS

- a) Notice of Action - The Customized Rate Notice of Action (NOA) which documents and notifies the provider/applicant of the CRCC'S decision to approve or deny. The NOA holds the approved Customized Rate schedule of support, when applicable. This document serves as an agreement between DBHDS and the applicant and must be signed by the provider prior to billing for the Customized Rate.
- b) Form SF-20 - An Excel document that is required to be completed by all Customized Rate applicants which outlines the provider's staff salaries, licensed capacity, schedule of support, and credentials. This document can be located at: <https://www.dbhds.virginia.gov/developmental-services/Waiver-services>.
- c) WaMS Customized Rates Application User Guide - A navigation guide that providers can refer to for help with navigating the Customized Rate application in WaMS.

1.4-SUPPORT/RATE DEFINITIONS

- a) 1:1 Support - One staff assigned to the individual served whose sole responsibility is to support the individual based on their exceptional medical and/or behavioral support needs during the time 1:1 supports are approved.
- b) 2:1 Support - Two staff assigned to the individual served whose sole responsibility is to support the individual based on their exceptional medical and/or behavioral support needs during the time 2:1 supports are approved.
- c) Specialized Staffing - Direct support provided by professionals who have a higher than typical level of expertise which is required to ensure proper support is given based on the individual's exceptional support need(s).
- d) Programmatic Oversight – Oversight that is associated with the need for higher than typical qualified supervision of direct support to ensure key programmatic elements related to the individual's exceptional support needs are carried out in a safe and effective manner. This supervision must be provided by staff with a higher level of expertise and whose expertise is not available through contracting for professionals which are Medicaid waiver providers.
- e) Fixed rate- A type of approved Customized Rate that is pre-determined and is approved based on demonstrated needs for either a higher level of staff credentialing or a higher staff-to-individual ratio of supports, or both being required.
- f) Flexible rate- A type of approved Customized Rate that is individually determined and is variable, based on eligibility criteria such as the number of hours of increased staffing, increased level of Programmatic Oversight, and/or increased level of direct support credentialing required. The total supports combined replaces the standard rate for the specified service.

PART 2: BASIC INFORMATION

Providers are eligible to apply for a Customized Rate under the current waiver system by accessing the Customized Rate application located in WaMS. If approved, a rate unique to the individual and/or service will be developed based on eligibility criteria and the individual's demonstrated need. Individuals eligible for a Customized Rate must have documentation to demonstrate that the complexity of their needs falls outside of the supports that are available and funded through the standard rate for their assigned reimbursement tier. Outliers to the current rate structure must meet certain criteria as described herein.

2.1-APPROVAL CRITERIA

A Customized Rate will be determined based on select criteria as described below:

- a) The individual has exceptional medical support needs that outweigh the resources available within the current waiver rate structure.
and/or
- b) The individual has exceptional behavioral support needs that outweigh the resources available within the current waiver rate structure.
and
- c) The individual requires 1:1 or 2:1 staffing support to ensure the health and safety of the individual and those around them.

2.2-QUALIFYING SERVICES

As a result, the individual may qualify for:

- a) Higher level staffing ratios of 1:1 or 2:1 to ensure the safety of the individual and others around them.
- b) Higher credentialed direct support staff (Specialized Staffing) to ensure proper support is given. This means that direct support professionals are required to have a higher level of expertise in order to provide needed specialized support to the individual.
- c) Increased Programmatic Oversight costs associated with the need for higher qualified supervision of direct support to ensure key programmatic elements related to the individual's exceptional support needs are carried out in a safe and effective manner.

PART 3: ELIGIBILITY

Any provider supporting an individual on the Family & Individual Supports Waiver or Community Living Waiver is eligible to apply for a Customized Rate regardless of the individual's support needs level as determined by the SIS and related processes.

3.1-ELIGIBLE WAIVERS & SERVICES

- **Family & Individual Supports Waiver**
 - Community Coaching
 - Group Day
 - In-home Supports
 - Supported Living
- **Community Living Waiver**
 - Community Coaching
 - Group Day
 - In-home Supports
 - Supported Living
 - Group Home
 - Sponsored Residential

3.2-PROVIDER ELIGIBILITY CRITERIA

Providers should be able to demonstrate their ability to meet the individual's exceptional support needs through documentation of all that apply: staff training, employment of or contract with a Registered Nurse, and/or involvement of a behavioral or psychological consultant or crisis team.

- a) Providers should be able to demonstrate that they can meet the support needs of the individual through the employment of qualified staff trained to provide the extensive support required by the individual based on their exceptional support needs. Providers may qualify for Customized Rate reimbursement only when the provider's staff directly performs the support activities required by the individual for whom a Customized Rate is requested.
 - Providers must have training policies and procedures in place and demonstrate that staff has received appropriate training including, but not limited to, positive behavioral support strategies in order to support an individual with mental illness, behavioral challenges, or both.
- b) All staff who will be supporting an individual, particularly those for whom the Customized Rate is being requested due to complex medical needs, shall receive individual-specific training from a Registered Nurse regarding the individual's medical condition(s), medication, risk factors, safety practices, procedures that staff are permitted to perform under nurse delegation, and any other training deemed necessary to enable the individual to be safely supported in the community. The provider shall arrange for the training to be provided by qualified professionals and document the training in the provider's record.
- c) Providers supporting an individual via the Customized Rate due to the individual's behavioral support needs shall consult with a qualified behavioral specialist. A qualifying behavioral specialist must have one of the following credentials: LBA/BCBA, LABA/BCaBA, PBSF, Psychologist, LPC, LCSW, Psychiatrist, or Psychiatric Clinic Nurse Specialist. For more information regarding this requirement, reference 12VAC30-122-550. This qualified behavioral specialist shall develop a behavior plan based on the individual's needs and train the provider's staff in its implementation. Both the behavior plan and staff receipt of training shall be documented in the provider record.
- d) Providers shall have on file a crisis stabilization plan for all qualifying individuals with complex behavioral needs. This plan shall include the direct interventions necessary to mitigate the risk of emergency psychiatric hospitalizations or institutional placement and should include, when appropriate, admission to crisis response services that are provided in the Commonwealth.

PART 4: DETERMINATIONS

It is the provider's responsibility to demonstrate through the Customized Rate application and submission of supporting documentation that the applicant meets the qualifying criteria. This includes clearly articulating the individual's support needs within the Customized Rate application and providing supplemental documentation that indicates that the individual's support needs fall outside of what can reasonably be provided for their assigned level/tier funding. This is accomplished by attaching all requested supporting documentation and following all submission guidelines outlined herein.

- a) Once an application is received in WaMS, the submitted information is reviewed by a CR Processor to ensure all essential information has been included. If it is determined by the Processor that additional information is required, the provider will receive a Form Note in WaMS alerting them to the need for additional information. **Note:** if an application is sent back to the provider during the processing phase, the application is considered incomplete; a start date will not be certified until the application is considered complete.
- b) Form Notes are used as a communication modality between DBHDS and the provider regarding the Customized Rate request and are located within the application in WaMS. It is the provider's responsibility to check WaMS frequently and to respond to requests made by DBHDS in the Form Notes. Applications that are inactive in WaMS for longer than 30 days will be subject to denial or withdrawal.

4.1-VERIFICATION

All applications must go through a verification process by which a CRTC reviews and verifies that there is sufficient documentation to demonstrate that the provider has explored and exhausted all available resources prior to requesting a Customized Rate. This review is a higher-level review than what is completed by the CR Processor and includes either a site visit, phone call, or virtual meeting. In some cases, an application may be moved directly to the committee without a verification interview.

- a) Once an application is reviewed by the Processor and it is determined that all necessary supporting documentation has been included in the application, the application is forwarded to the CRTC who may contact the provider to conduct a preliminary assessment.
- b) During the assessment phase, the CRTC will validate the information within the application, ensure that all front-line supports have been explored and/or accessed, and review supporting documentation related to the Customized Rate application.
- c) Following the assessment, the CRTC will make a recommendation based on their findings to (1) move the application to the CRRC for review or (2) deny the Customized Rate. If the CRTC moves the application to the CRRC, a final review will be conducted, at which point it will be determined if a Customized Rate is approved.
- d) If the CRTC determines that the application must be denied, an NOA letter will be emailed to the provider with an explanation of the denial. The NOA will be emailed to the point of contact listed in the Customized Rate application.

4.2-COMMITTEE REVIEW

Once an application has been reviewed and determined that all necessary supporting documentation has been included with the application and, if applicable, a verification interview has been completed by the CRTC, the application is scheduled for CRRC review, where the assigned CRTC presents a detailed summary of the application, along with any findings, directly to the CRRC who will render a decision to approve or deny the request.

PART 5: SPECIALIZED STAFFING

Providers are expected to provide within the application, a written description of the staff's abilities to meet the needs of a qualifying individual and the training received related to such needs. Providers can request specialized staffing for any portion of their 1:1 or 2:1 support hours, for up to 40 work hours weekly per qualifying staff. To qualify for specialized staffing providers must meet ALL criteria in at least ONE of the listed approval levels (1-3).

5.1-SPECIALIZED STAFFING APPROVAL LEVELS

- **Approval Level 1**
 - A college degree

- *Example: Associates in Human Services*
- **Approval Level 2**
 - Specialized licensing
 - *Example: Certified Nursing Assistant*
- **Approval Level 3**
 - Specialized training which is not typical of a standard Direct Support Professional
 - At least 5 years working with individuals identified as part of the target population
 - *Example: Medication Aide trained and 5 years' experience working with medically fragile individuals*

5.2-SPECIALIZED STAFFING: ADDITIONAL REQUIREMENTS

- a) Providers are required to submit evidence that staff meet the outlined criteria by submitting official transcripts, credentials, resumes, or any other documents that indicate the level of combined education, training, and experience.
- b) Support provided must be directly related to the individual's exceptional support needs.
- c) Providers may be asked to provide documentation related to the staff providing specialized support such as the record of payroll or provide a W-2.
- d) Degrees obtained outside of the United States must be submitted with expert comparability recommendations prepared by a credentialing evaluation service approved by the US Department of Education.
- e) Providers approved for specialized staffing must have a backup staff approved by the CRRC who can provide specialized staffing in the event that the primary staff is unavailable.
- f) Qualifying degrees must meet the intent of a Human Services degree.
 - {see list of Human Services and Related Fields Approved Degrees in section 6.4}

PART 6: PROGRAMMATIC OVERSIGHT

Programmatic oversight is oversight that is associated with the need for higher qualified supervision of direct support to ensure key programmatic elements related to the individual's exceptional support needs are carried out in a safe and effective manner. This supervision must be provided by staff with a higher level of expertise and whose expertise is not available through contracting for professionals which are Medicaid waiver providers. Oversight, which constitutes the practice of licensed professional services (e.g., nursing, behavior analysis) must be overseen by appropriately licensed/credentialed professionals performing duties within their scope of practice as indicated through their professional licensing/credentialing board.

6.1-PROGRAMMATIC OVERSIGHT - APPROVAL LEVELS

To qualify for 'Programmatic Oversight' providers must meet ALL criteria in at least ONE of the listed approval levels.

- **Approval Level 1**
 - Master's level degree
 - *Example: Master's degree in Behavioral Science*
- **Approval Level 2**
 - Bachelor's level degree
 - Licensure in their specific area of expertise
 - *Example: Bachelor of Science in Nursing (BSN) and Registered Nursing license*
- **Approval Level 3**
 - Bachelor's level degree
 - Additional training that is directly related to the individual's exceptional support needs and is not a DBHDS required training.
 - At least 5 years working with individuals identified as part of the target population.
 - *Example: Bachelor's degree in Human Services, and training certification in autism spectrum disorder and 5 years of experience working with individuals with autism*

6.2-PROGRAMMATIC STAFFING: ADDITIONAL REQUIREMENTS

- a) Support provided must be directly related to the individual's exceptional support need.
- b) Programmatic staff must be responsible for at least 6 or more of the Programmatic Oversight Approved Tasks and Responsibilities.

- a. {See list of approved tasks and responsibilities in section 6.3}
- c) Providers are required to submit evidence that staff meet the outlined criteria by submitting official transcripts, credentials, resumes, or any other documents that indicate the level of combined education, training, and experience.
- d) Qualifying degrees must meet the intent of a Human Services degree,
 - a. {see list of Human Services and Related Fields Approved Degrees in section 6.4}
- e) Providers are required to submit documentation related to the staff providing programmatic support and oversight such as proof of employment, record of payroll, or other forms of payroll verification.
- f) If the employee is contracted, a copy of their contract must be provided and include the duration of contractual assignments and agreed-upon compensation.
- g) Qualifying degrees must have been awarded from among the schools listed on the U.S. Department of Education College Accreditation database (<https://ope.ed.gov/dapip>)
- h) Degrees obtained outside of the United States must be submitted with expert comparability recommendations prepared by a credentialing evaluation service approved by the US Department of Education.
- i) Programmatic Oversight can be approved for up to \$30,000 per qualifying staff, with a maximum total of \$120,000 per program.
- j) No more than 2 programmatic shall be approved for program oversight at a time.

6.3-PROGRAMMATIC OVERSIGHT: APPROVED TASKS AND RESPONSIBILITIES

Programmatic staff, as a part of their core responsibilities, must perform 6 or more of the following approved tasks and responsibilities to qualify:

- a) Provide training to direct support staff (especially as it relates to changes in the ISP), which is evidence-based and/or evidence-driven, requiring adherence to support protocols.
- b) Develop protocols and implement the processes that drive effective, safe, evidence-driven interventions/support plans, which result in outcomes that improve the daily life of the individual with high needs.
- c) Oversee collection of medical or behavioral data to ensure proper implementation of protocols, including changing the protocols as needed as an individual navigates his or her environment successfully to achieve maintenance at a less intense level of staffing and resources, which results in a higher quality of engaged life with the community and family.
- d) Serve as a liaison and provide expert opinion related to hospitalization and/or severe crisis interventions to ensure that protocols are maintained and/or amended as needed to reduce or prevent future hospitalizations, whether medical or behavioral; and, in cases of individuals with a history of or at risk of law enforcement involvement, ensure that officers and others are advised, trained, or connected such that risk of legal system involvement is avoided due to failure to provide adequate supports.
- e) Oversee agency medical or behavioral operations to ensure that they are not only effective, but coordinated with external providers, Community Services Boards (CSBs), and emergency services and that protocols are clear regarding when and how to involve external providers.
- f) Oversee individual supports to ensure all aspects of services which are prescribed and/or recommended by service area experts are delivered according to the individual's identified financial, medical, behavioral, social, and emotional support needs.
- g) Coordinate and/or facilitate individual related meetings and appointments to include medical appointments, behavioral health, psychiatric services, SIS assessments and reassessments, and ISP meetings.
- h) Provide overall management of program operations to include implementing agency policies and procedures, physical site management, financial procedures and budget, and compliance with human rights and licensing regulations.
- i) Monitor staff performance, conduct staff evaluations, develop disciplinary plans of action, facilitate new hire processes including advertising and recruitment, and develop staff schedules to ensure staff that are qualified to support the unique needs of all individuals are employed.
- j) Act as the primary point of contact providing individual and program-specific information to stakeholders such as families, guardians, state representatives, and CSBs and make critical decisions related to overall program operations.
- k) Explore, request, and coordinate the use of supplemental funds and supports to ensure that all resources, to include natural resources and state/local funding, are maximized. This might include collaborating with the Support Coordinator and the individual's support team to facilitate waiver services, accessing Regional Education Assessment Crisis Services Habilitation (REACH) or other crisis services, managing Customized Rate funding requests and compliance, or applying for local funding.

6.4: HUMAN SERVICES AND RELATED FIELDS, APPROVED DEGREES

- Art Therapy
- Behavioral Sciences
- Child Development
- Child and Family Studies/Services
- Cognitive Sciences
- Community Mental Health
- Counseling (MH, Vocational, Pastoral, etc.)
- Counselor Education
- Early Childhood Development
- Education (with a focus in psychology and/or special education)
- Educational Psychology
- Family Development/Relations
- Gerontology
- Health and Human Services
- Human Development
- Human Services
- Marriage and Family Therapy
- Music Therapy
- Nursing
- Pharmacy
- Psychiatric Rehabilitation
- Rehabilitation Counseling
- Social Work
- Sociology
- Special Education
- Speech Therapy
- Therapeutic Recreation
- Vocational Rehabilitation

PART 7: RATE INFORMATION

- a) A Customized Rate is approved based on either a fixed rate or a flexible rate. Both the fixed rate and the flexible rate vary by region (Northern vs Rest of State).
- b) Customized Rate funding cannot be requested for a specific dollar amount and does not cover the total cost of what a provider pays their direct support staff. Customized Rate funding first calculates the funding available for staffing in the standard rate model and takes into consideration the same assumptions as the standard rate model when calculating the costs of approved Customized Rate staffing.
- c) Individuals who are approved for a Customized Rate for residential services cannot receive Supported Employment, Workplace Assistance, Personal Assistance, Respite, Companion services, Community Coaching, Community Engagement or Group Day services during the scheduled time that a Customized Rate is authorized for 1:1 or 2:1 support. In no circumstance should these ancillary services be delivered/billed at the same scheduled time as residential supports are being delivered and reimbursed through the Customized Rate, as this is deemed double billing/duplicative service and would result in a provider payback status.
- d) Providers are required to submit a schedule of support for the requested 1:1 or 2:1 support hours. DBHDS authorizes the provider to use an alternative schedule for 2:1 supports; however, either 1:1 or 2:1 staffing must be provided at all times in the approved scheduled.

7.1-SPONSORED RESIDENTIAL

- a) Customized Rate funding approved for Sponsored Residential Supports cannot be used to increase the sponsor payment directly.
- b) Funding approved shall only be used to pay for and provide additional staff, not including the sponsor(s), who are necessary to provide the 1:1 or 2:1 support required to ensure the health and safety of the individual.

- c) Families, caregivers, or other individuals who maintain full-time residential status in the home where the individual is receiving services and who are not listed as a sponsored provider can only be included in the Customized Rate request for additional 1:1 or 2:1 staffing if employment verification (W-2) is provided.
- d) Families or caregivers acting as the sponsor are required to provide a minimum of 40 hours weekly of support to the individual before Customized Rate funding can be considered.
- e) Eligible providers must indicate that they have met annual financial thresholds for paid staff, not including the sponsor, as shown below. Providers who are paying *less* than the outlined amount shown are ineligible for sponsored residential Customized Rate funding. The provider may be requested to provide financial records as verification.

Reimbursement Tier	Rest of State	NOVA
Tier One	0.00	\$0.00
Tier Two	\$19,200	\$25,200
Tier Three	\$39,600	\$50,400
Tier Four	\$67,200	\$85,200

- f) Individuals moving from a group home residential service to a sponsored residential service under emergency circumstances, which may include but are not limited to abuse, neglect, natural disaster, or other unexpected discharges, may be approved for a Customized Rate without meeting the outlined financial threshold for a 3-month contingent period.
- g) In good faith providers will be required to collect evidence of meeting the financial threshold within the allotted time specified in the Notice of Action. Failure to do so will result in denial of the Customized Rate.
- h) Providers must be in communication with DBHDS regarding the emergency move within 48 hours via. Email at: dbhdscustomizedrate@dbhds.virginia.gov
- i) Sponsored residential providers must have a formal way of tracking how much funding is being allotted to the sponsor directly and be able to show through official financial records the amount of the stipend that is being allocated to direct staffing costs.

7.2-RATE METHODOLOGY

a) In-home Supports

- Rate type: Fixed
- Allowable Supports:
 - 1:1 support with specialized staffing
 - 2:1 support with standard staffing
 - 2:1 support with specialized staffing with one standard staff and one specialized staff
 - 2:1 support with specialized staffing for both staff
- Rate range, ROS: \$44.72 - \$76.48/hr.
- Rate range, NOVA: \$49.96 - \$85.82/hr.
- Providers should ensure that they only bill the customized rate for the hours in which the approved staffing is provided. Otherwise, the standard rate should be billed.

b) Community Coaching

- Rate type: Fixed
- Allowable Supports:
 - 1:1 support with specialized staffing
 - 2:1 support with standard staffing
 - 2:1 support with specialized staffing with one standard staff and one specialized staff
 - 2:1 support with specialized staffing for both staff
- Rate range, ROS: \$47.72 - \$80.18/hr.
- Rate range, NOVA: \$52.53 - \$88.99/hr.
- Providers should ensure that they only bill the Customized Rate for the hours in which the approved staffing is provided. Otherwise, the standard rate should be billed.

c) Group Day

- Rate type: Fixed
- Allowable Supports:

- 1:1 support with standard staffing
- 1:1 with specialized staffing
- Rate range, ROS: \$40.20 - \$43.97/hr.
- Rate range, NOVA: \$45.82 - \$50.15/hr.
- Providers should ensure that they only bill the Customized Rate for the hours in which the approved staffing is provided. Otherwise, the standard rate should be billed.

d) Sponsored Residential, Group Home & Supported Living

- Rate type: Flexible
- Allowable Supports:
 - 1:1 support with standard staffing
 - 1:1 support with specialized staffing
 - 2:1 support with standard staffing
 - 2:1 support with specialized staffing with one standard staff and one specialized staff
 - 2:1 support with specialized staffing for both staff
 - Higher rate to provide Programmatic Oversight
- Rate range: Individually determined.
- The Customized Rate replaces the standard rate for the approved service.

PART 8: APPLICATION & PROCESSING

A Customized Rate application must be submitted by the provider and can be accessed using WaMS. For technical support regarding navigation of WaMS, refer to the WaMS Customized Rates Application User Guide, which can be found in the ‘Training Manuals, Webinars, and FAQs’ section of WaMS.

- a) To submit a Customized Rate application in WaMS, the individual must have:
 - A SIS support needs level {Includes individuals placed in default level 2}
 - An active enrollment in a DD Waiver
 - An assigned Support Coordinator
- b) All applications must be submitted with supporting documentation {See requirements in section 9.} Providers must upload all attachments in WaMS.

PART 9: SUPPORTING DOCUMENTATION

Providers are required to submit supplemental information that supports the Customized Rate request as described in the application. Individuals who are new to services can still apply with applicable historical data. Providers should contact the CSB Support Coordinator, family, and previous providers, where applicable, to collect historical data and submit as much information as possible so that the committee can clearly understand the individual’s support needs. The following supplemental data should be submitted where applicable and available.

Required	Explanation	Quantity
Behavioral Support Plan	Applicable to all individuals whose need for a Customized Rate is related to challenging behaviors. Behavioral plans must be written by a qualified behaviorist. A qualifying behaviorist must have one of the following credentials: LBA/BCBA, LABA/BCaBA, PBSF, Psychologist, LPC, LCSW, Psychiatrist, or Psychiatric Clinic Nurse Specialist. For more information regarding this requirement, reference 12VAC30-122-550. If a plan is not available, the provider is responsible for providing an explanation within the Customized Rate application, including the current status of obtaining behavioral support from a professional with the above-mentioned credential(s).	Current Active Plan
Behavioral Data	Applicable to all individuals whose need for a Customized Rate is related to challenging behaviors. Graphical display of data is required such that the CRRC can easily quantify the frequency, duration, and intensity of behaviors targeted for increase (replacement behaviors) and for behaviors targeted for decrease (challenging behaviors). Providers should make every attempt to submit data in	Past 6 months & supporting historical data

	an aggregated, quantifiable format. Progress notes are not accepted unless specifically requested by a member of the CR team. Examples: <i>Graphed behavioral data, behavior-related protocols, crisis reports, history of psychiatric hospitalization, REACH referrals, quantifiable Antecedent – Behavior-Consequence (ABC) data</i>	
Health Supports Data	Applicable to all individuals whose need for a Customized Rate is related to high-level medical support needs and should include all protocols, medical orders, or data that substantiates the support needs listed in the application. Examples: <i>Medical reports, health-related protocols, specialized supervision data, nursing care plan, seizure logs, Medication Administration Records, fall risk assessment.</i>	Past 6 months & supporting historical data
Quarterly Reports	Quarterly reports should summarize the individual’s overall status for the previous 6 months.	The 2 most recent quarterly reports
Staff Credentials	Applicable to all providers requesting the Customized Rate for Specialized Staffing and/or Programmatic Oversight and should include the credentials of the staff that will support the individual for whom a Customized Rate is requested. If scanned, documents must be a high-quality, clear scan. It is not necessary to submit credentials if specialized staffing and/or Programmatic Oversight are not requested. Examples: <i>A copy of licensure, college degree, official transcript, resume, signed contract (for contracted employees)</i>	Refer to submission criteria in sections 5-6
Payroll Verification	Applicable to all providers requesting the Customized Rate for Programmatic Oversight. Examples: <i>Paystubs with YTD total compensation, official payroll system compensation verification.</i> DBHDS reserves the right to ask for payroll verification for any staff listed on the Customized Rate application or FORM SF-20 regardless of the Customized Rate request type	Past 3 months
Overnight Support	Applicable to all providers requesting the Customized Rate for overnight support. Data must include awake/asleep patterns (times and duration) and also document the specific support rendered throughout typical overnight shift, which DBHDS classifies as the hours from 11pm-7am. DBHDS can provide example forms upon request.	Past 6 months
Form SF-20	Applicable to all providers. Form SF-20 documents the provider’s staffing plan and is critical in the decision-making process. This form is located on the DBHDS website; additional instructions are provided within the document.	Required with all initial and annual applications.
Incident Reports	Applicable to all providers. Incident reports should be submitted for any significant events related to the support needs of the individual as described in the application. This includes both reports from CHRIS, along with the provider’s internal and non-reportable incident reports.	Past 6 months
Provider License	Applicable to all providers. Provider must upload a copy of their active DBHDS-issued license and license addendum (with all licensed locations listed).	Current Active License
Notice of Action Requirements	Applicable to provider applying for an annual Customized Rate or responding to a contingently approved Customized Rate. Provider must upload evidence that all Notice of Action requirements have been adopted.	Required with all annual and contingent applications
1:1 or 2:1 staffing protocol	Applicable to all providers. Providers must upload a protocol outlining the specific duties of the staff providing 1:1 and/or 2:1 support, which should be individualized based on the person's needs as outlined in the Individual Support Plan (ISP). Along with other recommendations, the provider must include the	Required with all initial and annual applications.

	proximity of 1:1 and/or 2:1 staff in all settings inside and outside of the program. DBHDS can provide example forms upon request.	
Additional Information	DBHDS may request additional information at any time to further justify or substantiate the request.	At the time of the request or anytime during the plan year

9.1-APPLICATION REVIEW

- a) Form Notes/Request for Information - Form Notes are used to communicate with the provider in WaMS. It is the provider's responsibility to check WaMS frequently and to respond to requests made by DBHDS.
- b) All correspondence made during the review process as outlined below are made between a member of the Customized Rate team and the point of contact listed in the application.
 - The provider's point of contact listed on the application must be someone who can speak directly to the individual's day-to-day support needs and the information that was provided in the application. Providers listing a point of contact who is not familiar with the individual's direct support needs may experience a delay to the review process while discussions are rescheduled with a member of the provider's team who is able to effectively share the information being requested.
- c) Once an application has been submitted, it will be reviewed by the CR Processor who ensures all required application areas are completed and supporting documentation is made available. The CR Processor will contact the provider's point of contact directly and schedule a call to discuss documentation requirements when applicable and confirm pertinent information regarding the individual's support needs.
 - Applications are reviewed in the order in which completed applications are received.
 - Applications are not considered complete until all necessary supplemental documentation has been uploaded in WaMS and the application is submitted back to DBHDS. In WaMS this will be the last submission by the provider in the WaMS workflow status.
- d) Once the application has been processed, a CRTC is assigned to support the provider with the remainder of the Customized Rate process. The assigned CRTC is the primary liaison as it relates to the specific application.
- e) The assigned CRTC will conduct an application assessment in preparation for presentation to the CRRC. The assessment will be conducted either by phone, site visit, virtual meeting, or independently based on factors such as support needs level, previous NOA requirements, and other contributing factors.
- f) After completion of the assessment, the consultant will notify the provider of the review date and time and ask a representative is available during the time of the committee meeting if additional information is necessary for the CRRC to make an informed decision. Should the representative be unavailable during the CRRC meeting, the CRRC may decide to move forward with a decision or pend the application for additional information.
- g) The CRRC makes every attempt to meet no later than 30 calendar days after receipt of a completed application.
- h) Providers who have applications that are inactive in WaMS for longer than 30 days will be notified via form notes that the application will be denied.

PART 10: APPROVALS

10.1-APPROVED APPLICATIONS

Approval is granted when the provider's data demonstrates the following:

- a) The individual has exceptional medical and/or behavioral support needs;
and
- b) The individual requires a staffing ratio of 1:1 or higher for the majority of their daily support needs;
and/or
- c) The individual requires specialized staffing to safely and effectively provide direct support;
and/or
- d) The individual requires increased Programmatic Oversight in order to provide the required oversight and supervision of all key programmatic elements related to the individual's exceptional support needs.

10.2- APPROVAL PERIODS

- a) Application may be approved for a time period of 3 months, 6 months, annually or biennially. Providers will be made aware of the approval period within the Notice of Action form.
- b) Providers may be approved for a Customized Rate time period greater than one year when there is reason to believe that the approved support will not change over the course of the approval period, as decided by the CRRC. To qualify for biennial approval the following terms must be met:
 - All NOA requirements have been met
 - No active requests for improvement
 - No requests for improvement for the past 12 months
 - The CRRC must determine that there is a high likelihood that support needs will not change over the course of the approval period.
- c) Providers approved for a Customized Rate greater than one year still must submit an annual Service Authorization request [see Section 12: Service Authorization.]

10.3-NOTIFICATION

- a) Notice of Action - Once a determination has been made by the CRRC, a Notice of Action (NOA) letter will be emailed to the provider's point of contact and the Support Coordinator listed in the application. Note that only the contact staff listed on the application will be notified. It is the responsibility of the provider to share the NOA with other members of their team if they choose to do so. The NOA will provide detailed information regarding the recent review of the submitted Customized Rate application to include a description of the services approved. The reviewing committee may also make certain requirements or recommendations of the provider which will be documented in the NOA. These requirements may include mandatory training. The NOA will include:
 - Decision rendered (approved full-term, approved contingently, or denied)
 - Effective begin and end date
 - Customized Rate dollar amount
 - Schedule of support (times for which the customized rate is approved)
 - NOA requirements: Action items that are necessary at the time of the next review
 - Provider Agreement (see *Appendix A*)
 - All NOA's must be signed and uploaded in the WaMS ISP tab that corresponds with the ISP year prior to approval of service authorizations
- b) Following the email notification, providers will be contacted for an exit interview by the CRTC. During the exit interview, the CRTC will review the NOA in its entirety, to include:
 - The decision rendered, rate, and dates of approval
 - Review of any CRRC requirements and recommendations made
 - Review of the provider agreement and requirements
 - Discussion of future site visits

10.4-DOCUMENTATION REQUIREMENTS

- a) All providers who are approved for a Customized Rate must document throughout the plan year how the approved rate has been utilized to support the individual and submit documentation of such supports to include:
 - Evidence of 1:1 and/or 2:1 supports provided to include the frequency and duration of the support.
 - Evidence of the specific supports provided during 1:1 or 2:1 staffing.
 - Evidence of staff hired as a result of approved Customized Rate funding, to include credentials for staff approved to provide 'specialized' supports.
 - Evidence of programmatic supports provided.
 - Any additional action items as noted on the Notice of Action Letter
- b) Providers who have been approved for Customized Rate funding must document in the individual's Plan for Supports how that provider will respond to the individual's specific exceptional needs, along with the individual's 1:1 and/or 2:1 specific support. Providers must update the Plan for Supports as necessary to reflect the current status of the individual. Providers must address each complex medical and behavioral support need of the individual through specific and documented protocols that may include, for example
 - (i) employing additional staff to support the individual or
 - (ii) securing additional professional support enhancements, or both, beyond those planned supports reimbursed through the standard rate for the specified service.

10.5-ANNUAL REQUIREMENTS

- a) All providers who are approved for a Customized Rate must reapply annually or biennially based on the Notice of Action in order to continue to receive Customized Rate funding. This is accomplished by submitting a new application and the associated supplemental documentation at least 30 days prior to the end of the individual's ISP year. Providers who submit their application after this date may incur a gap in Customized Rate funding during which time the standard rate for the specified service must be billed. It is the provider's responsibility to ensure the appropriate Service Authorization requests are submitted on time.
- b) Providers must use WaMS to submit their annual/biennial application. On the service information page, use the drop-down menu to select, annual' Refer to the WaMS Customized Rates Application User Guide for additional guidance. Annual/biennial applications should be submitted with all of the required supplemental documentation that is required of an application.
- c) The annual/biennial review date will be based on the individual's ISP year unless otherwise specified in the NOA, as with contingent approvals.
- d) Additional information may be requested from the provider at the time of the annual/biennial review to determine if supports have been provided for the previous review period, and/or to determine the continued need for the Customized Rate. It is the provider's responsibility to ensure that proper documentation has been collected during the previous review period that indicates that the authorized supports have been provided.
- e) The CRRC will often make recommendations and/or requirements to the provider or provide action steps (noted within the NOA) that must be adopted prior to the individual's annual/ biennial review. Failure to provide evidence that these action steps have been explored and/or adopted at the time of the annual review can result in a denial of the annual request for a Customized Rate. Listed below are non-exhaustive examples of action steps providers might be required to adopt per the NOA:
 - Specific documentation requirements often related to how behavioral or medical supports are documented, measured, and analyzed.
 - Evidence of the exploration of other waiver services.
 - Submission of medical and/or behavioral protocols.
- f) Specific NOA requirements may be directed towards another service, such as Therapeutic Consultation. Requirements such as graphical data, formatting of data, ancillary provider plan revisions, etc. are the direct responsibility of the provider applying for the Customized Rate to request and obtain. Collaboration amongst the individual's service providers is imperative when applying for a Customized Rate.
- g) Providers are responsible for responding to requests for additional information throughout the year.
- h) Possible outcomes of an annual review: Based upon the submitted annual review application and supporting documentation, the committee can decide to:
 - Make no changes to the Customized Rate
 - Reduce the Customized Rate
 - Increase the Customized Rate
 - Terminate the Customized Rate
- i) Providers are responsible for notifying DBHDS of any changes in the individual's support needs that would affect the continued need for a Customized Rate and/or result in the need for an adjustment to the Customized Rate. Lack of timely notification may result in the provider being in an overpayment status with DMAS. This includes:
 - Changes to support needs and approved Customized Rate schedule
 - Changes in support needs level/reimbursement tier
 - Individual discharge
 - Changes to approved specialized staffing and/or programmatic oversight (Note that if at any time the provider is unable to provide specialized staffing and/or programmatic oversight at the approved Customized Rate level due to staff shortages, the provider must bill for services rendered at the standard reimbursement rate for that service until Customized Rate level staff/oversight is reinstated.)
 - Changes to licensed bed capacity for residential services.
- j) If it has been more than one year since the last Customized Rate approval, the provider should submit an 'initial' application as indicated in WaMS.
- k) DBHDS reserves the right to review an approved Customized Rate at any time throughout the year and make adjustments to the rate as deemed necessary.
- l) Providers are required to participate in site visits conducted by a CRTc. Although providers may request a site visit, site visits are conducted at the discretion of DBHDS. DBHDS also reserves the right to conduct unannounced site visits which may be conducted in collaboration with the Office of Human Rights and/or the Office of Licensing.

- m) DBHDS reserves the right to end an authorized Customized Rate if the provider fails to render approved support, fails to document approved support, or based on findings during site visits.
- n) In the event of future rate changes to the standard rate for all services, DBHDS will not rebase the Customized Rate until the individual's next scheduled annual/biennial or contingent review meeting.
- o) Providers may opt to reapply for the Customized Rate to receive the rebase prior to the end date notated on the NOA.

10.6-CONTINGENT APPROVAL REQUIREMENTS

- a) In some cases, a Customized Rate is approved for a time period of less than the full ISP year (Contingent Approval). In these circumstances, the provider will be made aware of the identified end date within the NOA.
- b) The purpose of contingent approvals is to allow the provider additional time to collect data necessary for a full approval.
- c) The NOA will outline the information necessary for a full-term approval in addition to the scheduled end date of the contingent approval.
- d) The provider is not required to submit a new application at the end of the contingent approval term. Instead, providers who are approved for a contingent period should locate in WaMS the application that was contingently approved, revise this application, locate the attachment section of the application, upload the information requested as noted in the NOA, then submit the application by the deadline noted in the NOA.
- e) Providers who fail to submit the requested information by the identified due date will be required to submit a new annual application and will incur a gap in Customized Rate funding until the requested information is received. During this time, providers may bill the standard rate for the requested service. It is the provider's responsibility to ensure service authorizations are submitted on time.

PART 11: ENHANCED MONITORING

11.1-RATIONAL

- a) During review of initial and annual Customized Rate applications or at any other time, the CRRC may determine that a provider should be placed on enhanced monitoring due to:
 - 1) Specific requests made by the Office of Licensing, the Office of Human Rights, or DMAS
 - 2) Approval of 2:1 staffing support for all or some portion of the day
 - 3) Failure to respond to NOA requirements
 - 4) Lack of supporting documentation that evidences that the approved 1:1 and/or 2:1 support has been provided
 - 5) Allegations or findings of misuse of funds
 - 6) Allegations or findings of inadequate staffing ratios based on an approved Customized Rate
 - 7) Failure to notify DBHDS of changes that would affect the Customized Rate. The changes may include but are not limited to; when an individual moves to a new home, when there is a change in SIS level, when there is a change in bed capacity, or when additional ancillary services are added such as Community Engagement, Group Day or Community Coaching.

Providers on enhanced monitoring are subject to:

- 1) Requests for additional data/documentation outside of regularly requested documentation to include requests for payroll, program budgets, billing records, and staffing schedules
- 2) Increased frequency of announced and/or unannounced site visits
- 3) Increased monitoring by affiliating offices such as the Office of Licensing and/or the Office of Human Rights
- 4) Reporting to DMAS, Provider Integrity
- 5) Subject to DMAS payback status
- b) The frequency of enhanced monitoring is determined by the CRRC and may occur weekly, monthly, quarterly or any combination for less than one year.
- c) Enhanced monitoring is designed to give the provider additional time to correct issues identified by the CRRC; however, DBHDS reserves the right to deny Customized Rate funding when enhanced monitoring has failed to improve the situation.

11.2-REQUEST FOR IMPROVEMENT PLANS

- a) As a result of enhanced monitoring findings and/or site visit findings, providers may be asked to submit an improvement plan. The improvement plan must
 - Identify the root cause of the violation
 - Provide a systemic plan to remediate the deficiency
 - Describe how the plan will be monitored, i.e., monthly audits, weekly chart reviews, quarterly checklists
 - Identify staff responsible for monitoring implementation
 - Identify date of completion
- b) Identify what evidence will be provided to show compliance with the request for improvement plan. Failure to comply with the request for improvement plan and/or enhanced monitoring may result in the Customized Rate application being denied, or the rate being modified or discontinued.

PART 12: SERVICE AUTHORIZATIONS

- a) Approved Customized Rates replace the standard rate for the service approved for all flexible rate services [Group Home, Sponsored, Supported living]. Fixed rate services which are billed per hour [in-home support, group day, community coaching] should be billed based on the hours for which the provider is staffing the approved support.
 - Providers approved for fixed rate services can bill both the standard rate and the Customized Rate, independently, so long as the hours of support do not overlap. It is the provider's responsibility to only bill the Customized Rate for the hours necessary to safely support the individual. During all other times, the standard rate should be billed.
- b) Approvals are retroactive to the date that a completed application was received and continue through the individual's ISP year unless otherwise noted in the NOA. The authorized start/end date of the Customized Rate will be noted on the NOA.
- c) Providers are responsible for documenting the need for 1:1 and/or 2:1 or other Customized Rate supports and services in the ISP. The effective start date will only be honored if the Service Authorization request is submitted within 30 calendar days of the date that the NOA was mailed as shown in the NOA.
 - Service Authorization requests submitted more than 30 days after the date of the NOA will be approved based on the date the Service Authorization request is received by DBHDS.
 - Part V: General Schedule of Supports must accurately reflect the individual's weekly support schedule when Customized Rate supports are being provided. The schedule must align with the NOA to correspond with the hours requested.
- d) Service Authorizations are not accepted after the end date notated on the NOA regardless of the circumstance. Once the NOA has been received, the provider is required to end the current Service Authorization and submit a new request using the associated Customized Rate Service Authorization code.
 - The NOA agreement must be signed and submitted with the Service Authorization request.
- e) Regardless of the total Customized Rate approved, providers must ensure that they bill only for the support and service that they have utilized. Any potential overlaps in billing should be addressed in the Medicaid Enterprise System (MES) and/or directly with DMAS.
- f) It is the recommendation of DBHDS that providers create and submit a Service Authorization request for the standard rate whilst awaiting the decision for a Customized Rate application. Any gaps in Service Authorizations are un-billable. It is the responsibility of the provider to submit Service Authorization requests in a timely manner to avoid gaps in billing.
- g) All Service Authorization questions or concerns should be addressed directly with the assigned Service Authorization Consultant.
- h) Providers approved for a Customized Rate for a period greater than one year still must submit an annual Service Authorization request. Gaps in services are not billable.
 - The provider must submit the annual Service Authorization request prior to the end of the individual's ISP, otherwise the Service Authorization will be approved based on the date that the Service Authorization request was submitted.
 - There is not a reconsideration process for the untimely submission of Service Authorization requests.

12.1-SERVICE AUTHORIZATION CODES

- a) Customized Community Coaching-T2013-U1
- b) Customized Group Day Support-T2025
- c) Customized Supported Living Residential-H0043-U1
- d) Customized In-Home Support Services-H2014-U1
- e) Customized Sponsored Residential-T2033-U1
- f) Customized Group Home Residential-T2016

12.2-FIXED RATE

- a) For some services, the rate approved represents an approval for an increase on the base rate only (fixed rate). The total number of hours requested within each service should be submitted to Service Authorization for review and final approval.
- b) The NOA outlines the approved hours of support. An increase or decrease in support hours throughout the plan year requires a notification to the Customized Rate team, at which time a revised NOA will be sent to the provider.
- c) Fixed rate services which require additional approval from Service Authorization include:
 - In-Home Supports/ H2014 U1
 - Community Coaching/ T2013
 - Group Day/ T2025

PART 13: DENIALS

- a) Providers requesting a Customized Rate may be denied based on the following:
 - Exceptional support need not demonstrated.
 - 1:1 or 2:1 staffing need not demonstrated.
 - Need for higher qualified staffing not demonstrated.
 - Need for increased Programmatic Oversight not demonstrated.
 - The CRRT determined that the requested service needs can be met within the individual's current level and tier or through the use of other services available to the individual within the Medicaid program.
 - Proper supporting documentation was not submitted, or an incomplete application was received.
- b) Providers will be emailed an NOA letter, which will provide an explanation of the denial and offer appeal rights. Providers have the opportunity to discuss the details of the denial, along with any recommendations made by the CRRC, with the assigned CRTC during the exit interview.
- c) Providers may reapply for a Customized Rate following a 30-day waiting period from the date of the NOA letter. A new application and updated supporting documentation are required. Additional person-centered data may be required with the new application and will be noted on the NOA letter.
- d) A Customized Rate application may be pended at any stage of the application's lifespan due to data requests or to obtain additional information from the provider. Applications can be pended up to 2 times. When pend reasons are not satisfied after 2 pends, the application is subject to denial.
- e) It is important to note that a denial of the Customized Rate has no effect on the individual's ability to receive the standard rate for the specified service.
- f) DBHDS does not permit reconsideration of denied Customized Rates. Providers have the option to reapply in 30 days with new information or appeal the decision to DMAS.

13.1-RIGHT TO APPEAL

- a) DBHDS is required to inform providers of their right to appeal, based upon State and Federal codes (12 VAC [Virginia Administrative Code] 30-110-70 through 12 VAC 30-110-90) and Federal regulations (42 CFR [Code of Federal Regulations] 431). If a provider wishes to appeal a denied Customized Rate, a written notice of appeal must be filed with the DMAS Appeals Division within 30 days of the date on the NOA letter.
- b) Customized Rate appeals are applicable to the provider only. Individual appeals are not accepted.
- c) DBHDS does not govern the appeals process. For any questions regarding appeals, the provider should contact DMAS directly.

13.2-FILING AND APPEAL

A provider may appeal an adverse decision where a service has already been provided. The appeal must be filed with the DMAS Appeals Division through one of the following methods:

- a) Through the Appeals Information Management System at <https://www.dmas.virginia.gov/appeals/>: From there an informal appeal request may be completed, documentation submitted, and the appeal process followed.
- b) Through mail, email, or fax: The provider may download a Medicaid Provider Appeal Request form at <https://www.dmas.virginia.gov/#appealsresources>. That form or a letter may be used to file the informal appeal. The appeal request must identify the issues being appealed. The request can be submitted by:
 - Mail or delivery to: Appeals Division, Department of Medical Assistance Services, 600 E. Broad Street, Richmond, VA 23219;

- Email to appeals@dmass.virginia.gov; or
- Fax to (804) 452-5454.

The appeal must be received by the DMAS Appeals Division within 30 days of the receipt of this decision. The notice of appeal is considered filed when it is date stamped by the DMAS Appeals Division. The normal business hours of DMAS are from 8:00 a.m. through 5:00 p.m. on dates when DMAS is open for business. Documents received after 5:00 p.m. on the deadline date shall be untimely.

13.3-APPEALS-NON-DISCRIMINATION

DMAS complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. This agency does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

DMAS provides free aids and services to people with disabilities to communicate effectively with the agency, such as qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, other formats). DMAS also provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages. If these services are needed, call (804) 786-7933 (TTY: 1-800-343-0634).

If you believe that DMAS has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, a grievance may be filed in person, by mail, or by phone at: Civil Rights Coordinator, DMAS, 600 E. Broad St., Richmond, VA 23219, Telephone: (804) 786-7933 (TTY: 1-800-343-0634).

A civil rights complaint may also be filed with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf> or by mail or phone at U.S. Department of Health and Human Services, 200 Independence Avenue, SW, Room 509F, HHH Building, Washington, D.C. 20201; 1-800-368-1019 (TTY 800-537-7697). Complaint forms are available at <https://hhs.gov/ocr/office/file/index.html>.

13.4-APPEALS-HELP IN ANY LANGUAGE

PART 14: GETTING HELP

Providers should refer to the below-listed contact information for additional assistance:

- WaMS - Call the WaMS Help Desk for all “how-to” questions related to WaMS
 - Email: helpdesk@wamsvirginia.org {7:00 AM – 7:00 PM}
 - Phone: 844-4-VA-WaMS (844-482-9267)
 - Providers should also refer to the WaMS Customized Rates Application User Guide located in the Training Manuals, Webinars, and FAQs section of WaMS.
- DD Service Authorization: (804) 663-7290
- DMAS Provider Helpline: (800) 552-8627 (in-state) or (804) 786-6273 (out-of-state)
- Customized Rate Inquiries and Assistance
 - Email: dbhdscustomizedrate@dbhds.virginia.gov

- Appeal Questions:
 - Mail-Appeals Division, Department of Medical Assistance Services, 600 E. Broad Street, Richmond, VA 23219.
 - Email: appeals@dmass.virginia.gov; or
 - Fax: (804) 452-5454

APPENDIX A - PROVIDER AGREEMENT (NOA)

1. PROVISION OF FUNDING

- 1.1. Approved funds must be requested through submission of a Service Authorization request.
- 1.2. Service Authorization must be submitted within 30 calendar days of **DATE generated by WaMS**. Service authorization submitted 30 days will be approved based on the date that the service authorization was requested.
- 1.3. The provider is required to end the standard rate for the specified service prior to submission of a new service authorization.
- 1.4. The provider agrees and understands that 1:1 and/or 2:1 support approved cannot overlap with other ancillary Waiver services, i.e., companion services, community coaching.
- 1.5. Ongoing consideration of funding is contingent upon submission of an annual application, supporting data and documentation verifying the previously approved support has been provided, the availability of current behavioral and/or medical data, and the provider's response to NOA requirements as outlined herein.
- 1.6. Failure to comply with the requirements set forth herein can result in a denial of funding and may result in reporting to licensing, human rights and/or DMAS as deemed necessary by DBHDS.
- 1.7. The provider agrees to provide the services as outlined in the schedule of support as follows:

Schedule of support inserted from WaMS

- 1.8. DBHDS authorizes the provider to use an alternative schedule for 2:1 supports, however either 1:1 or 2:1 staffing must be provided for the duration of the total authorized hours as outlined in section 7.7. Alternative schedules are not permitted for 1:1 service.
- 1.9. The provider agrees to utilize the following approved specialized and/or programmatic staff during the authorized time.

Staff approved for specialized staffing or program oversight from WaMS will be listed here

2. PROVIDER OBLIGATIONS.

- 2.1. The provider agrees that they have the tools, skills, abilities, and staff necessary to provide the outlined support as described within the customized rate application and approved herein.
- 2.2. The provider agrees to contract with or employ professionals critical to the individual's success, i.e., behavioral specialist, nurse, psychiatrist, support coordinator. These professionals should be actively supporting the delivery of customized rate supports as deemed necessary for documentation and analysis of the need for ongoing customized rate support.
- 2.3. The provider agrees to create and/or maintain record of all approved customized rate support and services, i.e., duration, frequency and intensity of support provided by direct support staff, program oversight staff, or other professionals. This documentation must be submitted at least 30 days prior to the individual's ISP renewal date.
- 2.4. The provider agrees to comply with all NOA requirements set forth in section 5 of this Agreement.
- 2.5. The provider shall use funds only as specified in section 7 of this Agreement. Provider shall comply with all requests by DBHDS for information and documents related to the provision and use of services for which funding has been provided.

3. MODIFICATION.

- 3.1. Modifications to the amount or frequency of service for which customized rate funding as approved herein may only be approved by DBHDS after receipt of a written request from the provider. Changes to the rate are at the sole discretion of DBHDS.
- 3.2. No modifications to this Agreement shall be permitted to change or substitute the type of service provided. In that event, a new application shall be submitted.
- 3.3. The provider agrees to notify DBHDS in writing of any changes to the individual's support needs within 10 business days of the noted change, i.e., less 1:1 support is needed than what is currently authorized.

- 3.4. The provider agrees to notify DBHDS in writing of any changes to the individual's assessed support needs level within 10 business days of the noted change.
- 3.5. The provider agrees to notify DBHDS in writing of any changes to the licensed bed capacity for residential services within 10 business days of the noted change.
- 3.6. The provider agrees to notify DBHDS in writing of any changes to staff who are approved for specialized staffing or program oversight within 10 business days of the noted change.

4. SITE VISITS

- 4.1. DBHDS offers onsite technical assistance and support throughout the plan year which can be schedule at your convenience.
- 4.2. Site visits can occur anytime during the plan year. Please indicate if you would like a site visit during any point in the upcoming plan year.

☐ Yes, contact me regarding a site visit.

☐ No, I don't need a site visit at this time.

- 4.3. Providers may be asked to participate in unannounced or announced site visits at any time during the plan year.

IN WITNESS WHEREOF, Provider and DBHDS have executed this Agreement as of the effective begin date as noted in Section 4 herein. Failure to meet the terms of this agreement will result in denial of a customized rate. A signed copy of this agreement must be uploaded to WaMS prior to service authorization approval.
